

# Hermes'

## Coloring Pages

Hello there Dragon Enthusiast! I'm Hermes the dragon, and today I'd like to show you why dragons have such scary teeth... Add some color to find out!

I have big, sharp teeth for two reasons: to catch dinner and to protect myself from other dragons. My biggest teeth are my fangs. I have three sets: two on top and one on bottom. Can you find them?

My other secret weapon is my flamme gland. It's how I "breathe" fire! It nestles right under my tongue. Oh, and don't forget about my tongue—color it bright to impress other dragons!

Check in with me on my website for more pages!
